Spending time reading God’s Word helps your faith to grow. In fact, the Bible says that “faith comes from hearing, that is, hearing the Good News about Christ.” The more you learn about Jesus through reading the Bible, the more your faith in God and what He can do for you grows. Reading God’s Word helps you to understand more about His love and care for you.

Talking to God in prayer is another way to help your faith grow. And when you pray, you can also ask God questions and listen to the things He tells you in your heart.

Having faith makes you feel braver and brings peace to your heart because you trust that God will always be there for you.

*Romans 10:17 NLT*
