It's time to clean the classroom.

You all know what your assigned jobs are, so let's begin.

It's boring doing the same job every day.

Jesus, do You have any suggestions for how to do my job today?
Add some variety to your regular routines. It will add fun to your day!

You can ask Travis to clean with you for variety.

Travis, would you like to do our jobs together today?

I'll help you empty the trash if you'll help me clean the whiteboard.

Good idea!
