

A Boy's Sacrificial Gift

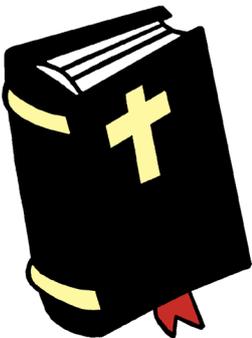

Based on John 6:1–13.

One time when Jesus went up a hill with His disciples, they were followed by a great multitude who had seen and heard of the miracles of healing Jesus had performed. More than 5,000 people had come to see Him teach!

Jesus knew the people were hungry, and He asked His disciple, Philip, where to buy bread. Philip explained that it would cost too much to feed so many people, and it would be better to send them to the city to get their own food.

Among the people was a boy who had come with a lunch basket of five little barley loaves and two fish. He offered his small lunch to Andrew, another disciple, to share with Jesus. The boy must have been delighted to watch Jesus miraculously change his small gift into enough food to feed all of the people!

Don't ever feel that what you have to give to Jesus is too small. Jesus can do great things with your gifts to Him!
